**PORT OF
DOVER**

About us

The Port of Dover is closing the gap every day between the UK and the world by connecting trade, travel, visitors and communities locally-globally, collaborating with local and international partners to create a more seamless, sustainable and tech-enabled port. With a growing and diversifying cargo business operating from state-of-the-art facilities, a brand-new marina which is a major feature of the exciting waterfront development, and opportunities for further expansion in the future, Dover's proud history dating back 400 years has a new modern twist.

What we're looking for:

The Port of Dover would love to hear from you if you are aged between 18 – 24 and are passionate about being the voice of today's young minds. We value the unique ideas and opinions that every person can bring.

Not only will you be heard, but you will also be empowered, valued, and actively engaged in shaping the narrative of tomorrow. You will actively participate in learning and skill enhancement, utilising workshops, discussions, and resources to transform ideas into meaningful initiatives. You will contribute to the creation of a brighter future by helping in our decision-making processes, shaping the future of the Port of Dover and the wider community.

What you'll need to do:

You will be available to attend quarterly meetings in a relaxed and informal environment at Port of Dover and the Annual Consultative Meeting (ACM) in May, committing to joining the Young People's Port Network for a 1–3-year period.

You will also:

- Be passionate about shaping Dover's future
- Be willing to take part in learning activities that will unleash your potential
- Have a desire to develop your skills in a safe learning environment
- Have ideas for growth and innovation and want to share them
- Live in Dover or the local community

Benefits

- £50 voucher for attendance at our ACM and further incentives.
- Opportunities for work placements and career advice.
- Personal skill development, including leadership, influencing, communication, critical thinking, and problem-solving.
- Opportunity to go behind the scenes and experience Port operations.
- Goody bag at introductory Port tour.
- Reimbursement of reasonable expenses.
